CAREER OBJECTIVE

B.Tech Computer Science and Engineering graduate (2026) with a Python full-stack internship and hands-on Django project experience, seeking a Software Engineer role where I can build reliable, maintainable web applications and grow with a mentored engineering team.

TECHNICAL SKILLS

Programming:	Python (OOP, Exception Handling, File I/O, Comprehensions)
Backend & APIs:	Django (ORM, MVT, Migrations, Class-Based Views), Django REST Framework (Serializers, ViewSets, Authentication), RESTful APIs
Databases:	SQL (Joins, Views, Index, Window Functions, Aggregate Functions, Sequence); MySQL, PostgreSQL, Oracle SQL
Frontend:	HTML5, CSS3, JavaScript, Bootstrap 5
Cloud:	Oracle Cloud Infrastructure (OCI) certified
Tools:	Git, GitHub, VS Code, Postman

INTERNSHIP

Python Full-Stack Developer Intern | Edu Skills Academy **Jul 2025 – Sep 2025**

- Developed a Django web application with user authentication and full CRUD operations on MySQL.
- Reduced page data load time by 20% by optimizing SQL queries.
- Integrated RESTful APIs between the Python backend and JavaScript frontend, enabling dynamic rendering without page reloads.

PROJECTS

Intelligent Architecture for Detecting Persistent Attacks in Enterprise Networks
github.com/RekhapalliUmaSatyaSantosh/Intellegent-architecture-for-detecting-APTs

- Built a Django web application that detects Advanced Persistent Threats in enterprise network data by classifying it with machine learning models trained on the DARPA intrusion detection dataset.
- Skills used: Python, Django, Scikit-learn, Random Forest, SVM, KNN, data processing.

Library Management System
github.com/RekhapalliUmaSatyaSantosh/library-management-system

- Built a Django web application for user registration, login, book search, and book issue/return, with separate admin and user access levels.
- Skills used: Python, Django, Django ORM, PostgreSQL, database migrations, session-based authentication, role-based access control.

EDUCATION

B.Tech, Computer Science and Engineering | CGPA: 7.65 **2022 – 2026**
Eluru College of Engineering and Technology

Intermediate (MPC) | Percentage: 68% **2020 – 2022**
Aditya Junior College

SSC | Percentage: 97% **2020**
Aditya Public School

CERTIFICATIONS

- Python Programming – IBM
- Python Essentials – Cisco
- Oracle Cloud Infrastructure 2025 – Oracle
